

Remembering Herman Plas

It is with sadness that we announce the passing of beloved former board member, Herman Plas. He played a pivotal role in advancing Project Harvest's mission. His dedication to Guatemalan communities has left a lasting impact on the lives of many. Herman Plas will be greatly missed, but his legacy will continue to inspire us. As expressions of sympathy the family would appreciate donations to Project Harvest, which can be made on our donation page linked [here](#). Read Herman's obituary in the link below:
